Information about your CIBC Dividend Visa Infinite Card account

If you find an error or irregularity (including possible unauthorized or fraudulent Transactions) in this statement you must tell us within 30 days of this Statement Date. If you do not, we may regard this statement as final (except for credits posted in error).

How we charge interest: If interest is charged on a Purchase, it is charged retroactively from the Transaction date. You have a minimum 21 day interest-free grace period for new Purchases. You can avoid interest on those new Purchases by paying your new balance in full by the payment due date.

Interest is charged on Cash Advances from the date they are taken. Interest is charged on Convenience Cheques and Balance Transfers from the date they are posted to your credit card account. We stop charging interest on the day we receive a payment which covers the amount of the Purchase, Cash Advance, Balance Transfer or Convenience Cheque, as the case may be, as described in the Application of Payments section of your CIBC Cardholder Agreement.

If you choose to convert an eligible Purchase into an Installment Plan, interest will be charged on that Installment Plan at the interest rate you agreed to at the time of conversion and in the manner set out in the Installment Plan Terms and Conditions.

Payment period extensions: If you didn't pay the Amount Due on your last monthly statement, we have extended your payment due date this month to give you extra time to make your payment. Interest will continue to accrue for the extended period. When we receive your

Amount Due, your payment due date will change back to your regular payment due date.

Your statement (including the Balance and Minimum Payment) only reflects Transactions that were posted as of the Statement Date. If you made a payment but it has not yet been posted, it will appear on your next monthly statement and any interest charges will be adjusted based on the transaction date and payment amount. The payment due date is determined under Eastern Standard Time (EST) meaning payments are considered received by us on the payment due date if made by 11:59pm EST. Payments made by mail or through another financial institution can take several days to be received by us. Please make your payments accordingly. Check CIBC Online Banking for the status of your payments and your most up to date Balance.

****Foreign currency Transactions, except Convenience Cheques, are converted to Canadian dollars on or after the Transaction date and no later than the Transaction posting date. At the time of currency conversion, you are charged the same conversion rate CIBC must pay, plus a fee of 2.5% of the converted amount, on both debits and credits. We convert a foreign currency Convenience Cheque or payment at our branch selling rate for Canadian dollars in effect at the time we process it.**

¹ **Amount Due** is the amount you must pay if you want to avoid interest on your regular purchases shown on this statement.

² **Minimum Payment** is the minimum amount you must pay this month and it includes your monthly installment payments due (if applicable).

We have recently reviewed your CIBC credit card account and our records indicate that 2 or more Required Payments were not received by their payment due dates or by the date we prepared your next statement within the last 12-month period. As a result, your annual interest rates will change from the rates shown in the "Interest Rates" section of this statement to 25.99% for Purchases and 27.99% for Cash Advances, Balance Transfers and Convenience Cheques.

These rates will take effect on the first day of the statement period following this Statement Date.* This change will not affect the interest rate of any active Installment Plans on your CIBC credit card account.

If we receive your Required Payment by the payment due date or by the date we prepare your statement for at least 12 consecutive months after the annual interest rate increase takes place, we will lower your annual interest rates to your annual interest rates for your credit card account set out in your Summary of Rates and Fees.**

To help you keep track of your upcoming payments we encourage you to enroll for our free minimum payment due alerts. This alert will notify you 5 calendar days before your credit card payment is due. To enroll, go to the Manage My Alerts section on CIBC Online or Mobile Banking. Also, visit www.cibc.com for tips and advice to prevent late payments and help get the best from your CIBC credit card.

Capitalized terms used in this message have the meanings given to them in your CIBC Cardholder Agreement.

* For example, if you receive this notice on your March statement, the change would go into effect on the first day of your April statement period.

** The annual interest rates for your credit card account can change from time to time.

Important Notice: Your account is past due and may be suspended. Kindly pay the past due amount immediately to ensure you have continued access to credit.

If you have a promotional Balance Transfer (BT), you have lost the benefit of your promotional BT interest rate and any remaining balance(s) which were subject to a promotional BT interest rate are now subject to the regular Cash Advances interest rate applicable to your account. The increase will be effective the next statement period. You can find your current regular Cash Advances interest rate in the "Interest Rates" section of this statement.
